

DARSHIT JAIN

P: +91 9993714905 | darshitj9906@gmail.com | [LinkedIn](#) | [Github](#) | [Portfolio](#)

Professional Summary

Driven **Software Engineer** with expertise in full-stack development, cloud-based systems, and data-driven applications. Strong understanding of **DSA, OS, DBMS, and Networking**, backed by hands-on experience in building scalable web apps using **Next.js, React, Node, Flutter, MongoDB, Firebase, and Supabase**. Passionate about solving complex engineering problems, optimizing application performance, and contributing to collaborative product teams. Demonstrated initiative through **hackathons, accessibility tooling, and cross-platform application development**.

Technical Skills

Languages : C, C++, Java, JavaScript, Dart

Web: HTML, CSS, React.js, Next.js, Tailwind

Backend: Node.js, Express.js

Mobile: Flutter

Databases: MongoDB, Firebase (Auth, Firestore, Realtime DB, Storage), Supabase

Tools: Git, GitHub, Postman, Axe-core, Chrome DevTools

CS Fundamentals: DSA (50+ LeetCode problems), Operating Systems, DBMS, Networking Basics

EDUCATION

CHITKARA UNIVERSITY

Bachelor of Engineering

Major in Computer Science Engineering

Relevant Coursework: Algorithms, Data Analysis, Operating Systems, Software Engineering, Artificial Intelligence

Baddi, (H.P)

Aug 2023 - Aug 2027

WORK EXPERIENCE

CODSOFT

Virtual

Jun 2024 - Jul 2024

- Built modular, responsive UI components for project-based development tasks.
- Streamlined API workflows using Postman, improving debugging and testing efficiency.
- Delivered all assigned tasks ahead of deadlines and earned internship certification.

UNIVERSITY PROJECTS

WEB ACCESSIBILITY ANALYZER

- [\[Live Demo\]](#)
- Built an automated **WCAG 2.1 compliance checker** to detect accessibility issues across webpages. Built a user-friendly interface that displays detailed issue reports, including the HTML element causing the issue and recommended fixes.
- Implemented structured reporting (HTML node, severity level, recommended fix).
- Developed a clean Next.js interface enabling quick debugging and high usability.
- Integrated axe-core to run scalable, multi-page accessibility audits.

INFINITY LINKS

- [\[Live Demo\]](#)
- Developed a cross-platform application allowing users to build customizable landing pages.
- Implemented real-time CRUD operations, link reordering, and secure user authentication.
- Utilized Firebase Firestore, Realtime DB, Storage, and Supabase for cloud syncing.
- Designed an intuitive UI optimized for Android, iOS, and Web.

HACKATHONS & COMPETITIONS

- Dotslash Hackathon — Fitoor X Prayas (Plaksha University)
- Code Cubicle 4.0(Gen-AI) — Geek Room (Microsoft Office, Hyderabad)
- DSCI/EY AISS CTF Hackathon — DSCI & EY

CERTIFICATIONS

- Junior Cybersecurity Analyst - CISCO
- Postman API Fundamental Expert - POSTMAN
- Programming In C - University Of California, Santa Cruz(Coursera)
